ANDERSON CARR DIES OF SELF INFILCTED WOUND
Negro Uxoricide Lives Only Few Hours After Shooting Himself —Made Will Before Death

Anderson Carr who killed his wife late Sunday afternoon and then shot himself, after he had been placed under arrest Monday afternoon, died that night as a result of his wound, which was through his left lung. He was buried Wednesday morning, from the home of his sister, Alice Haynes, the body being taken to Milledgeville, and laid beside that of his mother. He said before he died that wished to be buried beside his mother. Before he shot himself Carr is said to have given his sister a large sum of money. He always carried a "roll" with him.

Carr retained consciousness almost until the end came. He called for Attorney K. S. Aleorn and had him make his will, in which he left all of his property to his sister Alice Haynes. He is said to have been worth two or three thousand dollars. He asked that A. T. Nunnelley be made his executor to wind up his estate.

Those who talked with Carr Monday morning, before he was arrested say that they saw that he was prepared to do something desperate rather than be taken to jail for his crime. Dr. John Cook, the famous colored veterinarian, said that when he saw and talked to Carr early Monday morning that Carr was armed with three pistols. Cook told him that he could not go into court with the weapons on, and upon his insistence, Carr went home and removed them. Several people saw Carr go to the Greer blacksmith shop once or twice that morning and it is said that Carr told a number of his friends that he intended to kill James Greer if he had the chance. Mr. Greer had a hand in having Carr indicted for selling whisky illegally, by the last grand jury, and Carr is said to have been very bitter against him.

Just before he was taken into custody, he remarked to John Cook that if he was held over on the charge of killing his wife, that it would be the end of him, for he did not intend to go to jail. Sheriff McCarry says that if he had known of the threats Carr had made he would never have taken him to his restraint before locking him up. He took him there, however, because the negro had said that he wished very much to give his sister some papers and money he had and make arrangements about his business before going to jail, and the officer merely needed to his request as he would to almost any prisoner, little thinking of the tragedy which was pending.

IS OUR CONGRESSMAN MAKING GOOD?—READ THIS

(Louisville Times.)

As a plain common-sense argument the following extract from Harvey Hulin's speech in favor of the abandonment of useless army posts is hard to improve on:

"Did any of you gentlemen ever see a game of football? Do you know the value of team work? Suppose you had a football eleven, each player of which was being trained separately in a different section of the country. Do you think these men would stand a show against an eleven that had worked together for weeks on the same gridiron? Of course it would not. It would be beaten numerically, just as our army is likely to be when it goes up against a trained army, unless we get the companies and regiments used to maneuvering as an army."

The common sense of the part of Congress in dealing with the army is so very a quality that Kentuckians may be pardoned a bit of chest expansion over the fact that within the present week Swager Sherley and Harvey Hulin have both proved themselves possessed of it in full and useful measure.

Cook told him that he could not go into court with the weapons on, and upon his insistence, Carr went home and removed them. Several people saw Carr go to the Greer blacksmith shop once or twice that morning and it is said that Carr told a number of his friends that he intended to kill James Greer if he had the chance. SAFFELL—BOHON

Houstonale Young Man Marries Popular Lawrenceburg Girl.

The Lexington Leader tells of the wedding of Horace Bohon, of Lawrenceburg, and Miss Mary Belle Saffell, at Lawrenceburg last week, which was one of the society events of that section. Mr. Bohon's home is of much interest to his host of friends in this county who will wish him and his bride every happiness. The Leader said of the wedding:

The marriage of Miss Mary Belle Saffell to Mr. Horace Bohon of Bowling Green was celebrated Saturday evening at the home of the bride's mother, Mrs. W. H. Saffell, in mourning for her father, who died in Lawrenceburg. The wedding was quiet, as the bride's family are yet about a year ago, and about sixty relatives and most intimate friends were present.

The Saffel home is very beautiful and spacious and for the wedding had an elaborate decoration of asparagus lilies and smilax. Prof. G. C. Hagerman, one of the most intimate friends of the family and President of Hamilton College when the bride was graduated from that institution, performed the ceremony in the most elegant manner.

The bride, who is very statly, charming and popular, wore an elegant gown of white broadcloth and a white bird of paradise in her hair fastened with a pearl pin. Her bouquet was of white lilies and lillies of the valley.

The bridegroom is from the Bohon family, prominent in Central Kentucky and, as he is tall and attractive in appearance, he and his bride made an unusually handsome couple. Both are well known in Lexington and the bride has often been the guest here of Miss Charlotte Hunt and Miss Florence Paul. After the ceremony and congratulations the wedding supper was served. The tables decked with beautiful flowers and lace pieces and the menu delicious.

Mrs. Saffell received the guests and was assisted in entertaining by her three lovely sisters of the bride, Misses Albie, Lillian and Orlia Saffell. The bridal couple left after the wedding for a trip and will go to housekeeping upon Mr. Bohon's farm near Bowling Green. They had a splendid collection of presents bestowed by friends far and near.

Mr. and Mrs. G. C. Hiffre, Mr. E. R. Powell, of Hustonville, President and Mrs. B. C. Hagerman, of Lexington, Mr. and Mrs. Tom Neut of Versailles, Miss Neva Williams of Harrodsburg, were among the guests.

The people of Stanford owe the L. & N. railroad company a vote of thanks for the splendid new depot which has just been completed here. Of course, it can be said that the railroad should have built a new station here long ago, but nevertheless, the fact remains that it could have built one far less pretentious than the one it did, and we would have had to be satisfied with it. As it is, we have the finest depot here of any town our size in the state, and should be proud of it, and extend our sincere appreciation where it is justly due. The L. & N. is now just about the greatest railroad system in the south, and is getting bigger and better all the time.

Very truly yours,

How to be Certain of Curing Constipation

Prejudice is a hard thing to overcome, but it is not at standstill, and the opinion of thousands of individuals differs from yours, precludes them from your menage and you ought to let it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable American people, the most common constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Peppermint. You may not have heard of it, but do not doubt its merits on that account, or because it has not been blantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children, who have been given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

Mrs. M. A. Smith, aged 84, was surprised by a host of her friends who brought her lots of presents. Among those present were: Mr. and Mrs. G. W. Horton, her daughter and son-in-law from Enhants, Mrs. King and little son, Mrs. S. H. Jeffreys her daughter and Mrs. Jeffreys daughter, Grace, and quite a few more to whom a nice dinner was served. All had a good time.

Mr. Claud Martin has returned to his home in Martinsville, Ind.

Miss Lutie Sims has been visiting in Cincinnati.

**PROMINENT PHYSICIANS FAIL
IN KIDNEY TROUBLE—A WOMAN'S GOOD ADVICE.**

I regard Dr. Kilmer's Swamp-Root as the best medicine for kidney and bladder trouble I have ever taken and I will always recommend it to all that are afflicted with bladder or kidney trouble. For eleven months I was afflicted with kidney and bladder trouble in violent form. The symptoms in my case were fearful. During all this time I was being treated by the best and foremost doctors of the country, all of them failing to afford me the slightest relief and I continued to grow worse all the time and while I had utmost confidence in their treatment, it seemed that the time had come in my case when I must try other remedies, consequently, I resorted to the use of Swamp-Root and before I had taken three small bottles, every pain and symptom had completely disappeared. For any form of kidney trouble, Dr. Kilmer's Swamp-Root is the medicine to use. I have never known it to fail in a single case.

Very truly yours,

L. M. HUNTER.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these are removed, the trouble continues rapidly multiplying, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and the more you scratch, the more it grows worse and develops into a loathsome and torturing skin disease with its years of misery.

Don't let it get out of control. Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you.

HOW WEAK WOMEN

May Be Made Strong at Small Expense and No Risk

There are hundreds of women in this vicinity, weak, thin, run-down, tired out and nervous. Such women need Vinol just as much as did Mrs. Jane Pepper, of 2307 Howard street, San Francisco, Cal., who says:

"I have used Vinol for some time with particularly gratifying results. I was run down; weak and debilitated, and my appetite was gone. After taking several bottles of Vinol I found my condition greatly improved, and do not hesitate to recommend Vinol to anyone similarly affected."

Vinol is not a secret nostrum, but a delicious cold liver and iron tonic without oil, which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

It is the only positive cure known to the medical fraternity. Catarrhal Ulcerous Cough requires continuous treatment. Catarrhal Ulcerous Cough is taken internally, acting directly upon the blood and mucous membranes of the system, thereby destroying the foundation of the disease, giving the patient added strength by building up the constitution and assisting nature in doing its work. MAN AND THE SOIL.

Dr. R. V. Pierce of Buffalo, author of the Common Sense Medical Adviser, says: "why does the farmer treat his own body as he treats the land he cultivates. He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It is like the phosphates which supply nature with the substances that build up the crops. The far-reaching action of Doctor Pierce's Golden Medical Discovery

is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. A bilious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver regulator and rich blood-maker."

Miss LOTTIE KNIGHT of Perth, Kansas, says: "I will here add my testimony of the effectiveness of your remedy upon myself. I was troubled with indigestion for two years or more. Doctored with three different doctors besides taking numerous kinds of so-called 'stomach cures' but received no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. What was, could not sleep at night with the pain in my chest, caused by gas on the stomach. Although I took your 'Discovery' for nearly the entire time, and after having taken several bottles am nearly cured of stomach trouble. You now eat without distress and have gained fifteen pounds in weight."

I thank you very much and wish you all success in your good work."

Then let him cover a plate or pan with moist flannel cotton batting or sawdust and spread nicely the 100 grains, covering with flannel and kept wet, and anywhere that a day

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating A Symptom That Should Not Be Regarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Stanford who suffer from any stomach, derangements or chronic, to try Rexall Dyspepsia tablets, with the distinct understanding that we will refund their money without question or formality if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25 cent box of Rexall Dyspepsia tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases, length of treatment varies. For such cases, we have two larger sizes, which sell for 50 cents and \$1. Remember, you can obtain Rexall remedies in this community only at our store—The Rexall Store, Penny's Drug Store.

COLT FUTURITY

Announced By Catalogue Committee of K. P. Fair.

The catalogue committee of the Knights of Pythias fair, is announcing a Colt Futurity as one of the most attractive features of the splendid program which will be given. Nominations for mares are being received now, and so much interest is being taken in it by the many breeders if good stuff in Lincoln and adjoining counties, that it is believed the amount of the stake will go no high as \$100.

Mares must be nominated by March 15th when a payment of \$1 must be made.

On or before June 1st, a payment of \$10 must be made, on each mare, an owner desires to keep eligible and at that time each Mare's name and color and the name of the horse to which she was bred in 1911 must be given.

On August 15th the week before the fair, the color and sex of the foal must be given and a fee of \$2 paid. This is the final fee, making \$5 in all. The money will be divided into four prizes on a basis of 40 per cent to first; 25 per cent to second; 15 per cent to third and 10 per cent to fourth. It is planned to open a mule colt futurity upon the same basis, in view of the very high class hybrid youngsters which are produced in this section.
